

As the US arm of Operation Europe, we offer a full range of travel services to groups of 10 or more passengers. Whether students or seniors, bowling buddies or biophysicists, we can design the ideal tour for your group to anywhere in Western, Northern, Central, Eastern or Southern Europe, and now, throughout North America.

All you need is 10 or more passengers and a vague idea of what they want to do!

We offer the peace of mind of financial protection through our business trust account, as well as some of the most experienced staff in the industry. Whether you have a finished plan or just a rough idea, we will help you construct, plan and operate a successful, exciting and affordable tour. Pricing is offered net to you in US Dollars, eliminating your foreign exchange risk, and allowing you to set your own margins.

Please browse our Services below to see what we can offer to your group, and don't hesitate to let us know what you need!

We are proud to support travel agents – the soul of the travel industry!

Services

- **Airfares**

Tours are offered either land-only, or coupled with airfare from any North American gateway, as well as domestic airfares in Europe and North America. Group rates are normally very competitive, and generally permit later payment than published instant purchase fares.

- **Hotels, Hostels and Other Accommodation**

The range of accommodation we can offer runs the gamut from student hostels to five-star superior deluxe properties. We will tailor the style of the hotels to fit your particular group's personality and budget. Castle, resort and spa stays can be the highlight of any tour, and we will be happy to offer our recommendations.

- **Motorcoaches**

We use only late-model luxury motorcoaches for all transfers, tours and long distance services, air-conditioned wherever warranted by the local climate

- **Rail Tickets, Cruise and Ferries**

A train journey can be the highlight of a tour, or simply an efficient way to get from A to B.

We can provide your group with tickets on local, national, international and specialty services. Short cruise and ferry tickets are also available.

- **Guiding**

Any visit will be enhanced by a quality guide. We use only licensed, fully-qualified guides in all destinations to ensure that your clients have the best possible experience. Specialist guides are available for special interest groups.

- **Tour directors**

We hand pick professional tour directors to match your group's particular special interests. Tour directors are not mandatory, but they can add a whole new dimension to your tour, as well as relieving your tour leader of many of the supervisory duties.

- **Attractions and Technical Visits**

We can arrange access to the most obscure of museums and private houses, as well as specialized visits to farms, factories, research facilities and government offices for professional groups

- **Theatre, Concert and Event Tickets**

Sold-out event? No problem, we have access to inventory for any production or program. Want to perform yourself? Indoor and outdoor venues can be arranged as required.

- **Rapid Quotation**

Our knowledgeable staff will produce an accurate price quotation for your group in the shortest possible time.
